

**SITE CLEARANCE
AND SET UP**

Site Clearance and Set Up

DIG-FX are experienced contractors offering a site clearance and set up service. Our knowledge and expertise can be used to accommodate your specific and individual requirements.

These can include and are not limited to; site clearances, compound set ups, fencing (temporary, steel hoarding and security), marking out and zoning RPAs, tree and hedgerow clearance and landscaping.

Our team principle can attend a site meeting, prior to clearance to assess, evaluate & advise accordingly.

Key Features

- ◆ Qualified and experienced contractors
- ◆ Flexibility with your site's requirements, ground needs and user needs
- ◆ In-house NPTC arborists and tree surgeons
- ◆ In-house NPORS plant operatives
- ◆ The right machinery for your time scales

Site Clearance

DIG-FX offer a site clearance and set up package which includes tree and vegetation removal and debris removal leaving your site clear and ready for the next stage of development, construction, or landscaping.

With our in-house arborists and tree surgeons, DIG-FX can guarantee the safe and effective removal of trees and all forms of vegetation for re-use on site or recycling.
